

St Margaret's Anfield

Curriculum Intent

## With God All Things Are Possible

*We are safe; we are ready to learn; we are respectful and resilient.*

Our curriculum intent links wholly to our school motto: 'By Faith and Work' and has been designed to reflect that life at St. Margaret's Anfield is inclusive, exciting, challenging and inspiring.

Our school values of Truth, Fairness, Justice and Joy are the backbone of everything we do in school to create life-long learners.

Our broad and balanced curriculum, based on concepts, values and our school vision, promotes pupils' moral, spiritual, social and cultural development and provides opportunities for pupils to:

- Be happy and enthusiastic learners who take an active part in lessons;
- Think creatively, engage in problem solving and develop their resilience;
- Develop an awareness of their own and other religious and spiritual development;
- Become responsible, safe and caring citizens within our school and wider community;
- To be courageous advocates for what they believe is right and just;
- Develop their vocabulary and ability to communicate;
- Be encouraged to have enquiring minds;
- Develop their confidence and capacity to learn and work independently and with others, and to
- Develop their knowledge, skills and understanding in all areas to enable them to make progress.

*Jesus said, 'Love one another as I have loved you.'*

*Therefore, by faith and work, we will be the change we want to see.*

Truth

Fairness

Justice

Joy
