

## Year 6

### Week 11 Remote Learning Tasks

Below are some tasks to be completed this week in line with your Year 6 curriculum objectives.

Good luck, try your best and we all still miss you.

#### This week's theme is Sport

Your challenge is research your favourite sport's personality and design a poster/make a video talking about them.

#### Maths

Below, you will see a lesson -which is a link- and the topic that you will be working on. If you click on the lesson, it should take you to BBC Bitesize and have up to 4 activities: videos, interactive and worksheets to try!

This week, we are continuing to think about measure.

<a href="#">Lesson 1</a>	Converting between miles and kilometres
<a href="#">Lesson 2</a>	Perimeter and area of rectilinear shapes
<a href="#">Lesson 3</a>	Calculate the area of a triangle
<a href="#">Lesson 4</a>	Calculate the area of parallelograms
<a href="#">Lesson 5</a>	Challenge for Year 6

#### English

For English, click on a link for each day, Monday- Friday.

There will be links to videos and sounds as a stimulus for questioning and writing.

<a href="#">Lesson 1</a>	Poem about yourself in 6 months' time
<a href="#">Lesson 2</a>	Summarising news
<a href="#">Lesson 3</a>	Relative clauses
<a href="#">Lesson 4</a>	Analysing poetry
<a href="#">Lesson 5</a>	Persuasive writing

#### RE

Please click below for a lovely collective worship we have received from the Diocese of Liverpool.

## Geography

[Click here for week 2 of Geography activities!](#)

This week we are going to look at the structure of different volcanoes; what they look like and how they are formed.

## Science

Look back at your original explanation of sound from a few weeks ago.. Now we have looked in detail at how sound travels and can be recorded, I would like you to write a new explanation.

Key vocabulary:

vibration, wave, particles, loud, quiet, high, low, pitch, ear drum, outer ear, hammer, anvil and the stirrup, inner ear, cochlea.

## Transition

Transition is a big step and it's important for us to feel ready! Click the link below for some activities to try out in readiness for the next big, exciting step in your school life.

[Click here for this week's transition activities!](#)

## Reading

Take time each day to relax with a book. If you don't have enough books at home, Oxford Owl have free eBooks to read online. Ask your parents or carers if they are happy to register on the website to read them:

<https://home.oxfordowl.co.uk/books/free-ebooks/>

## P.E/mindfulness Yoga

As you may know, Joe Wicks is doing daily PE lessons on his YouTube channel (The Body Coach TV). We'll be joining in with this too! Check with your parent or carer before accessing this online. Want to try something less strenuous? Try mindfulness yoga:

<https://www.youtube.com/watch?v=O2E1468SdHg>

## Additional Resources

Also, we have put lots of links to fun websites to help your learning on the class pages of the SMA website:

<https://stmargaretsanfield.co.uk/6h/>

<https://stmargaretsanfield.co.uk/6m/>

## Heart Prayer

Just a reminder that if you are feeling anxious or worried, you can always use Heart Prayer to rest in God's love.
