

## Year 6

### Week 12 Remote Learning Tasks

Below are some tasks to be completed this week in line with your Year 6 curriculum objectives.

Good luck, try your best and we all still miss you.

#### This week's theme is Transition

Transition is a big step and it's important to feel ready! This week, we will help you prepare by providing you with activities and also pointing you in the right direction to find out more information.

Activity 1: Go to your secondary school website page. Many of your schools have put on their websites a video of a virtual tour of the school; this will help you visualize what it looks like and hopefully find your way around. They are also putting up lots of other resources that will help you prepare for September.

Activity 2: Click on the following BBC Bitesize link for useful videos and advice about starting secondary school:

<https://www.bbc.co.uk/bitesize/tags/zh4wy9q/starting-secondary-school/1>

Activity 3: [Click here for a transition booklet full of activities that you might have already received in the post from us.](#)

Activity 4: [Click here to access another transition booklet that you may also find helpful](#)

Leavers Prayer: [Click here for a Leavers prayer for our Year 6 children who are leaving us this year.](#)

#### Maths

Below, you will see a lesson -which is a link- and the topic that you will be working on. If you click on the lesson, it should take you to BBC Bitesize and have up to 4 activities: videos, interactive and worksheets to try!

**This week, we are continuing to think about measure and also moving on to ratio & proportion**

<a href="#">Lesson 1</a>	Calculating the volume of cubes and cuboids
<a href="#">Lesson 2</a>	Introduction to ratio
<a href="#">Lesson 3</a>	Represent and calculate ratio
<a href="#">Lesson 4</a>	Using scale factors
<a href="#">Lesson 5</a>	Challenge for Year 6

## English

For English, we are also thinking about transition by reflecting on your time at primary school before looking ahead to the future. Please click on a link for each day, Monday- Friday.

[Click here to read in detail what you can do each day](#)

There will be links to writing frames for each activity.

<a href="#">Lesson 1</a>	Letter to your favourite teacher
<a href="#">Lesson 2</a>	Your favourite primary school memory
<a href="#">Lesson 3</a>	Pick your award winners
<a href="#">Lesson 4</a>	Writing your future
<a href="#">Lesson 5</a>	Letter to your new form tutor

## RE

This year, Liverpool Diocese had planned to use the theme of 'Facing your Giants' using the story of David and Goliath for a service for those children moving from Year 6 to Year 7.

[Click here to read the service](#)

## Reading

Take time each day to relax with a book. If you don't have enough books at home, Oxford Owl have free eBooks to read online. Ask your parents or carers if they are happy to register on the website to read them:

<https://home.oxfordowl.co.uk/books/free-ebooks/>

## P.E/mindfulness Yoga

As you may know, Joe Wicks is doing daily PE lessons on his YouTube channel (The Body Coach TV). We'll be joining in with this too! Check with your parent or carer before accessing this online. Want to try something less strenuous? Try mindfulness yoga:

<https://www.youtube.com/watch?v=02E1468SdHg>

## Additional Resources

Also, we have put lots of links to fun websites to help your learning on the class pages of the SMA website:

<https://stmargaretsanfield.co.uk/6h/>

<https://stmargaretsanfield.co.uk/6m/>

## Heart Prayer

Just a reminder that if you are feeling anxious or worried, you can always use Heart Prayer to rest in God's love.
