

Parents comments on learning this week:

Our First Week

The children have settled in really well into Reception. We have had a lovely first week learning each other's names and learning about our new school environment.

Dear Parents and Carers

Please **label** every item of your child's uniform. Please also provide your child with wellies that they can keep in school, so that your child can access their outdoor learning in a variety of weathers.
Many Thanks!

Please remember to return on or before Thursday.

Our First Week in Reception

We have been learning about our school rules and how they keep us safe whilst we are in school. We have been exploring our indoor and outdoor environment and finding out what exciting things we can do during choosing time to help our learning develop.

Homework

Talk with your child about what they have enjoyed most this week in Reception. Also, please practice writing their name at home.
